A B O U T THIS REPORT

Egypt's North Coast, known locally as the Sahel, has emerged as the epitome of summer luxury and leisure. Stretching along the Mediterranean Sea from El Dhekelia to Marsa Matruh, this region has rapidly gained fame for its stunning beaches, upscale resorts, and vibrant social scene. Whether summer vacationers seek a peaceful retreat or an attractive venue for vibrant festivities, the North Coast has everything any luxury nomad is looking for. In addition, new developments like New Alamein, Ras El-Hikma, and South Med, which combine high-end designs with modernity and natural beauty, have recently enhanced the region's appeal.

IN THIS REPORT, we will delve into Egypt's Mediterranean gems from a variety of different perspectives, moving from the trendiest summer destination, the North Coast, through the modern marvel of the region, New Alamein City, which is designed to be a year-round destination, reaching to the untouched paradise of Ras El-Hikma. Every region will be shown in the report from many different angles, government projects, developers' projects, and primary data collected from consumers and developers by Invest-Gate's R&A team.

THE FIRST PART of the report shows how the Egyptian government is actively involved in various development projects in the Sahel region. **THE SECOND PART** studies consumer preferences, their desire to be owners of second homes or tenants, and the obstacles facing them. **IN THE THIRD PART**, we will highlight opportunities for developers to invest in this area and business climate by surveying 30 developers. **FINALLY**, the last part will be a map for the North Coast project from Kilo 170 to Kilo 283.

SECTION II:

CONSUMERS' PREFERENCES

Invest-Gate's R&A team has studied the preferences of second homes, especially in the North Coast, New Alamein City, and Ras El-Hikma City by surveying roughly 120 respondents

CONSUMERS' DEMOGRAPHICS

According to our surveyed sample, 52% of our respondents are males and 48% are females. 12% are between the ages of 20 and 29, while the other 32% are within the age category of 30-39 years old. 48% of our respondents are between the ages of 40-49 years old, whereas the remaining 8% are above the age of 50. All of our respondents are bachelor's degree holders. Regarding marital status, 50% of the respondents are engaged or married, 39% are single, and the remaining 11% are divorced or widowed.

GENDER

AGE GROUPS

EDUCATIONAL LEVEL

MARITAL STATUS

SECOND HOME OWNERSHIP

68% of our respondents are second home owners. Coming to the location of the second home, 37% of the surveyed respondents, being the majority, bought their summer homes in New Alamein City, followed by 36%, who preferred Ras El-Hikma, and the remaining 27% preferred other North Coast areas.

OWNING SECOND HOME

LOCATION OF OWNED UNIT

Most of the respondents, around 70%, had chalets, 15% of overviewed second-home owners preferred apartments, though 8% of the respondents purchased townhouses, 7% of them favored villas and twin houses

UNIT TYPES

According to our respondents, 88% of the buyers chose their locations due to beachfronts, 79% prioritize proximity to vital cities, and 72% found that safety is a vital reason for selection. Amongst the reasons for selecting these locations are full-service cities and affordable prices by 62% and 37% respectively.

MOTIVATIONS BEHIND LOCATION PREFERENCE

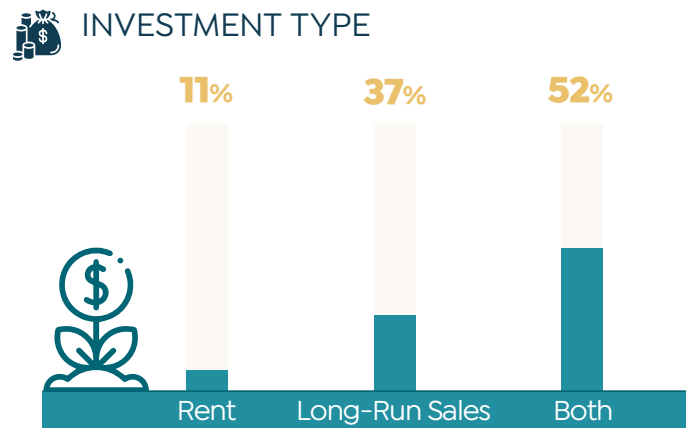

The majority of our respondents, accounting for 83%, prioritized entertainment facilities when searching for summer homes, while 11% were seeking properties with better access to commercial outlets. The remaining 6% prioritized medical and security services when searching for summer homes.

HIGH DEMAND SERVICES TO SECOND HOME OWNERS

Home buyers have different motives and intentions for seeking to purchase a second residential property. 68% of them purchase summer homes to spend their leisure time, 4% buy summer homes for investment, and 28% of the second home buyers are using them for both motives (investment and leisure). Additionally, for those who have investment purposes, 11% of them agree that renting these units is the most profitable way of investment, while 37% prefer long-run sales, and 52% of our respondents use both investment methods.

After the pandemic, remote and hybrid working had become more normalized and appealing, popularizing the idea of turning second homes into primary residences. Hence, 30% of our respondents see their second homes are not only summer destinations but also an all-year-round destination.

POTENTIAL TO PURCHASE SECOND HOME IN THE FUTURE

Among those 32% who do not own second homes, 62% of our respondents have plans to own a second home soon. Meanwhile, 38% of them have no plans to purchase a second home.

Concerning the preferred locations for the potential buyers, 58% of them have plans to buy second homes in New Alamein City, while 29% have plans to buy in Ras El-Hikma, but the remaining 13% intend to buy in other North Coast areas.

Moving to the different preferences and requests of potential summer home owners, the majority of them, accounting for 71%, prefer to own a chalet. Talking about the favorite unit area, most of our respondents, making up 38%, prefer to have a unit area of less than 80 sqm, while the least attractive unit area is more than 150 sqm at 4%.

PREFERRED SECOND HOME TYPE

PREFERRED UNIT AREA (SQM)

Having a look at the most appealing payment method, 96% of potential consumers prefer the installment method, but the remaining 4% prefer to pay in cash. Moving to the most attractive installment method, the majority of potential summer home owners, accounting for 44%, prefer to have an installment plan for more than 8 years, and the least appealing option ranges between 3 and 6 years at 17%.

MOST SUITABLE PAYMENT METHOD

OPTIMUM INSTALLMENT METHOD (YRS)

For the potential summer home owners, entertainment and security services come at the first two ranks, 96% and 92%, followed by commercial, medical, educational, and transportation services at 88%, 75%, 50%, and 17% respectively.

SERVICES NEEDED BY FUTURE BUYERS

46% of potential buyers intend to purchase summer homes for vacations, 17% plan to purchase for investments, and the remaining 37% will purchase second homes for both motives, vacations and investments.

PURPOSE FOR SECOND HOME OWNERSHIP

For those who plan to invest in summer homes, 15% plan to invest by renting their future summer homes, 23% plan to invest in them by long-term sales, and the remaining 62% plan to invest in summer homes by both investment methods, renting and long-term sales.

TYPE OF INVESTMENT

POTENTIAL TO BECOME SECOND HOMES TENANT

Concerning the 38% who have no plans to purchase second homes in the future, 40% tend to rent units in the North Coast area, while the remaining 60% have no plans to rent units there. Regarding the most appealing area for those who plan to rent summer homes, 53% of them have a desire to rent in New Alamein City, while 7% plan to rent in Ras El-Hikma, and the remaining 40% prefer to rent in other areas in the North Coast.

PLANNING TO BECOME SECOND HOME TENANT

PREFERRED LOCATION TO RENT

OBSTACLES OF BECOMING A SECOND HOME OWNER

Coming to those who can't become potential owners, it is worth noting the challenges preventing them from doing so. Thus, when we tried to find out these obstacles, 73% of them were facing an inability to pay installments, while 53% of them mentioned the problem of high prices, and the others were augmented by the economic and geopolitical crisis, problems with mortgages, and installment terms.

THE OBSTACLES TO BUY SECOND HOME

Once those obstacles are dealt with and removed, 80% will prefer to go to the North Coast Area, while the remaining 20% prefer other areas.

PREFERRED LOCATION ONCE THE OBSTACLES ARE REMOVED

SECTION III:

TRENDY INVESTMENTS & SALES POTENTIAL FOR DEVELOPERS

Invest-Gate's R&A team looks at this very trendy and appealing area of the real estate sector in Egypt, focusing on the North Coast, New Alamein City, and Ras El-Hikma, by surveying thirty Egypt-based developers to learn more about how companies attract consumers to invest in these projects and gain some insights into the business climate, and future plans.

DEVELOPERS' SALES TECHNIQUES & MARKETING DRIVERS

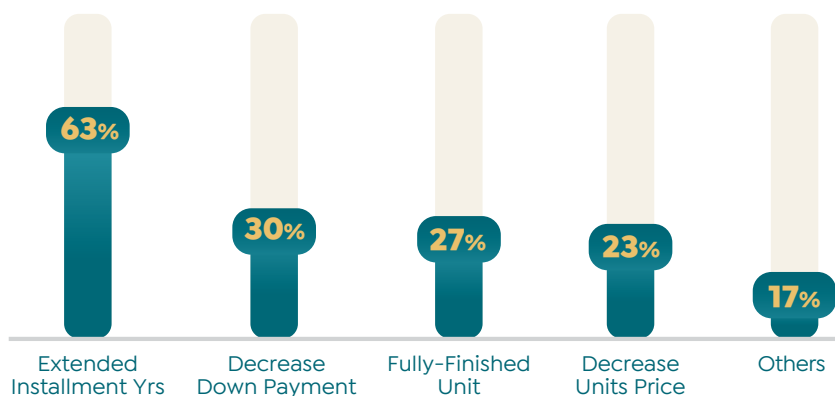

Looking at the most appealing types of summer homes, chalets come first at 90%, followed by villas at 27%, then townhouses at 23%, and for the last two preferred units come twin houses and apartments at 20% and 17%, respectively.

UNITS OF HIGH DEMAND IN NORTH COAST

Regarding the companies' strategies to boost demand, it was found that 63% of respondents believe that extending the installment years is the main motive for consumers. Moreover, decreasing the down payments and providing fully-finished units on top of the list for 30%, and 27% respectively. 23% of surveyed companies are decreasing units' prices to push the demand cycle, and 17% of our respondents are considering other strategies to attract consumers.

SPECIAL OFFERS TO BOOST DEMAND

When it comes to efficient sales mechanisms to boost sales, most companies believe that brokers and their sales departments play the biggest role in selling their units by 33% for each. As many developers nowadays can showcase their products online and reach consumers easily, 23% of them believe that online marketing helps a lot in pushing their sales further. Besides, 10% of respondents believe that the current exhibitions play a major role in increasing sales.

EFFICIENT SALES MECHANISMS

- Brokers
- Sales Department
- Online
- Exhibitions
- Others

Regarding the supply volume offered in the North Coast areas, the kids' area comes at the top of the services supplied by developers at 97%, followed by restaurants, gyms, spas, swimming pools, hotels, and commercial malls at 93%, 90%, 87%, 23%, 17%, and 10%, respectively. In addition, 30% of our developers said that they tend to provide other services, like hospitals, nurseries, mosques, and pharmacies.

HIGHEST SUPPLY SERVICES IN NORTH COAST

According to our survey, only 3% of our respondents believe that their consumers prefer paying for units using cash, while the remaining 97% said that their consumers prefer both methods of cash and installments.

PREFERRED PAYMENT METHODS

Cash & Installments

Only Cash

According to the surveyed developers, the majority of consumers, accounting for 53%, prefer installment plans ranging between 6 and 8 years, followed by 33% believing that consumers prefer more than 8 years installment plan.

CONSUMERS' PREFERRED INSTALLMENT PLAN (YRS)

DEMAND & INVESTMENTS IN NORTH COAST

Taking a closer look at the North Coast's market, it was found that 73% of our surveyed developers said that North Coast projects account for more than half of their sales. However, 14% of the developers in this survey stated that only half of their sales are generated from North Coast properties, while 13% made less than half of their sales in North Coast.

NORTH COAST SALES VS. OTHER AREAS

When it comes to companies' investments, according to 80% of our surveyed developers, more than half of their investments are directed to the North Coast area; meanwhile, 13% of the developers said that they are dedicating exactly half of their investment to North coast, the remaining 7% are investing in North Coast by less than half of their investing capacity.

DEVELOPERS' INVESTMENTS IN NORTH COAST VS. OTHER AREAS

Moving to future forecasts, 97% of our survey developers believe that both demand and investments in the North Coast will increase in the future, while the remaining 3% believe they will remain the same.

EXPECTED FUTURE DEMAND IN NORTH COAST

EXPECTED FUTURE INVESTMENTS IN NORTH COAST

NEW ALAMEIN CITY MARKET INSIGHTS

New Alamein City, situated on Egypt's northern coast along the Mediterranean Sea, is distinguished for its cutting-edge infrastructure, including residential, commercial, and recreational facilities that fulfill a diverse range of needs. It boasts pristine beaches, upscale resorts, and a dynamic cultural scene, positioning itself as a premier destination for summer homes. The strategic location, coupled with ambitious urban planning, makes New Alamein City a symbol of Egypt's future—a blend of contemporary living standards and rich cultural heritage. As it continues to develop, New Alamein City is set to attract both local and international investors, offering a unique blend of luxury, comfort, and investment potential.

Regarding the consumer preferences in this city, 100% of our respondents believe that chalets are consumers' first choice, 33% said that twin houses and apartments are consumers' preferred choice.

UNITS OF HIGH DEMAND IN NEW ALAMEIN CITY

Analyzing the current situation, our surveyed developers have achieved more than half of their sales from New Alamein City's projects, and more than half of the investments are directed to New Alamein City.

NEW ALAMEIN CITY SALES VS. OTHER AREAS

DEVELOPERS' INVESTMENTS IN NEW ALAMEIN CITY VS. OTHER AREAS

RAS EL-HIKMA MARKET INSIGHTS

Ras El-Hikma, an emerging potential on Egypt's North Coast, is rapidly gaining recognition as a promising destination for summer homes. Located on the Mediterranean shoreline, this area boasts stunning white sandy beaches and crystal-clear turquoise waters, making it an idyllic retreat for both relaxation and adventure. As part of Egypt's strategic development initiatives to boost tourism and real estate, Ras El-Hikma is transforming into a vibrant hub that combines natural beauty with modern amenities.

Regarding the consumer preferences in Ras El-Hikma, 85% of our respondents believe that chalets are consumers' first choice, followed by villas and townhouses in the same category by 23% each, while the remaining 15% said that the buyers are searching for twin houses.

UNITS OF HIGH DEMAND IN RAS EL-HIKMA

Looking at the sales of Ras El-Hikma, 77% of our surveyed developers, said that they achieved more than half of their sales in Ras El-Hikma, 8% of the developers believe that they achieved exactly half of their sales in Ras El-Hikma, and the remaining 15% made less than half of their sales in Ras El-Hikma.

RAS EL-HIKMA SALES VS. OTHER AREAS

Moving to companies' investments, according to 85% of our surveyed developers, more than half of their investments are directed to Ras El-Hikma; meanwhile, the remaining 15% of the developers said that they are dedicating exactly half of their investment to Ras El-Hikma.

DEVELOPERS' INVESTMENTS IN RAS EL-HIKMA VS. OTHER AREAS

FUTURE EXPECTATIONS FOR THE NEW ALAMEIN CITY & RAS EL-HIKMA

Bringing future forecasts to the analysis table, all developers have an optimistic vision for the market situation either in New Alamein City or Ras El-Hikma and they believe that demand and investments will increase in both areas in the future
